Wentworth Hills Golf Club

ABOUT THE COURSE

Our beautiful, environmentally managed course of 18 unique holes is a challenging Par 71. Designed by Howard Maurer, who is rapidly gaining recognition as New England's premier golf course designer, Wentworth Hills reflects his philosophy of challenging the player while rewarding the eye. Once you're out on the links you'll see what we mean. After the first hole a challenging, 358-yard dog leg Par 4, you'll encounter beautifully tended greens and fairways, graceful plantings and spotless bunkers – all laid out along low, rolling hills that capitalize on a wonderful natural setting. Why not come out now and test the course? Then come back anytime with family, friends or business associates. We're waiting to greet you.
